**Match Report.**

A good, tight tree lined course played on a bright, windy day. The premium was on both length and accuracy as the course was long with narrow fairways and very quick greens.

An excellent win by Campbell Boat got us off to a good start and Bob Dilkes (5?) hung on gamely for a half with Chris Reynolds (plus 2!) despite being comfortably out driven. Although several were up at various times nobody else managed to have their nose in front at the end.

Unfortunately for us Kent have far too much strength in depth at the moment. Talking to the Kent President yesterday he mentioned one player who is now just 55 and plays off 1.8. "I suppose we will have to start considering him now" he said. They also have an annual qualifying competition for their 54 year olds who hope to be considered for the team when they reach 55! A luxury we in Dorset just do not have at the moment.

Anthony Eden Seniors' Captain.
