### MATCH REPORT

The Dorset First Team travelled to Kent following a successful South West Week to find Ashford Golf Club in good condition for the weekend's match.

The timing of this fixture always presents an added challenge to the Dorset Team with a number of the players feeling jaded after the intensity of the South West Championships. This reflected itself in the 4-0 foresomes loss as this had been the key to Dorset's success recently.

Credit goes to the Dorset players in re-grouping at lunchtime and giving Kent a run for their money in the afternoon. A great experience for Jon Welch playing Tom Sherreard, England International, and narrowly losing 1 down; he will have learnt a lot from his efforts.

We now look to our next two matches at home vs Surrey and Sussex and aim to finish the season on a high.
