Captain's Report.

The team went up to the Lansdown Club on the Sunday but due to a Race meeting were only able to play nine holes of practise. Whilst the course seemed to be a straight forward parkland type course in fact local knowledge turned out to be vital. The greens were very hard and pitch shots had to be dropped short to have any chance of staying on. On the other hand the greens were generally very slow when putting. If we had drawn either Somerset or Wiltshire first we would have stood a better chance of beating them. We would also have had another invaluable practise round giving us a much better chance of beating Gloucestershire in the afternoon. Unfortunately I drew the names out of the hat and we got the home team Gloucestershire in the morning. Chris Dennis and Brian Medlam played very solidly all day and Graham Taylor and Bob Dilkes turned a losing position around very nicely. Regrettably so did Richard Boulding and Sean Lynch for Gloucestershire.

In the afternoon Gloucestershire beat Somerset 3-2 to qualify for the finals.
