9	Phil Addis		0	Chris Buckley	2&1	1
10	David Backhouse	1 Up	1	Howard Moxon		0

OVERALL RESULT

Dorset	6	Kent	4
---------------	----------	-------------	----------

Captain's Report. Well what an epic day for the Dorset Senior Team. Kent arrived the day after winning their National Qualifying competition by 21 shots, and the team included both the new English Seniors' Champion and runner up along with another team member who had just won the Irish Seniors'. On the other hand in all the years of the SE league Dorset had never even been close to halving a match with Kent, normally losing by 9-1, 8-2 etc. The course was in beautiful condition and the Head Greenkeeper had double cut, dressed and rolled the greens to give a very fast and true surface. The weather was very kind, if windy, until the last holes of the last matches when it rained heavily. The early results leaned towards Kent. Chris Dennis had been four down but clawed it back to all square on the 18th Tee, sadly losing to a 30 foot birdie putt on the last. Gradually we picked up points until with two matches still on the course we had five and could not lose. But where was the last half point going to come from as Phil Addis was 2 down and David Backhouse was 4 down? David appeared out of the gloom 3 down, he then holed a good putt on the 15th 2 down, followed by another good putt on the 16th 1 down. He then produced a fantastic drive and second into the heart of the 17th into the wind and rain and it was all square. Finally a three at the last sealed his win and the team's great result, as I said, an epic day for the Dorset Senior Golf Team.
