The Dorset County First Team welcomed the Army Team to a chilly but very scenic Isle of Purbeck on Sunday.

With a number of players unavailable due to Beckford Bowl commitments it was an opportunity to try a few fresh faces. It was a successful first cap for Harry Mitchell, a young 16 year old promoted through the junior ranks. His birdie in the singles showed the class that we hope he can develop and become a first team regular.

The Army proved to be a solid team and were delighted to take the Dorset scalp.

Finally, a big thank you and good luck to Matthew Walker who will be turning Pro after a county career stretching over 15 years.
